Odell Education – Maryland Standards Alignment Guide Grade 9 | Maryland Standards of Excellence

Originally founded in 2011, the Odell High School Literacy Program (Odell HSLP) is built on a foundational belief that literacy should empower students, equipping them with the skills and knowledge essential for success in college, their careers, and civic life. The Odell HSLP is a rigorous, student-centered curriculum that firmly roots literacy in texts and ideas worth exploring. Designed for grades 9–12, the Odell HSLP embodies the belief that each student brings a rich personal, cultural, and academic background and a unique set of knowledge and skills to the classroom, regardless of reading level. Great Minds® acquired the Odell HSLP in early 2026 and is pleased to bring you this program.

The Odell HSLP inspires creativity, builds knowledge, and develops the skills students need through student-centered analyses of robust texts and topics. Four principles animate the program's design: Knowledge, Agency, Perspective, and Inquiry. Students investigate engaging questions and texts and build evidence-backed perspectives through recursive cycles of inquiry, reading, and research. Across grades 9–12, the program includes 33 units. Each grade includes 8 or 9 units, comprising one Foundation Unit (two in grade 12), which launches the year by establishing the learning community and core literacy practices; six Development Units, which deepen knowledge and skills through increasingly complex texts and tasks; and one Application Unit, which concludes the year as students apply their full range of literacy skills to an independent inquiry project.

Teachers select from the available units to build a course of study that meets the needs and interests of their students and the requirements of their school or district. Across all four years of high school, students build a coherent, cumulative experience in which knowledge, skills, and habits of inquiry transfer across units and grade levels. Adaptive and flexible by design, the Odell HSLP provides a comprehensive set of supports to facilitate implementation and meet the needs of all learners. Each unit includes core lessons and texts alongside support and extension lessons, texts, and activities that allow teachers to tailor instruction to their students' needs. Detailed Teaching Notes accompany lessons to guide instructional decision-making, facilitate differentiation, and support effective scaffolding. The program also includes robust multilingual learner supports, including authentic Spanish-language texts and translations of high-use instructional materials, ensuring that all students can access and engage with rigorous grade-level content.
