

What's Included in Arts & Letters

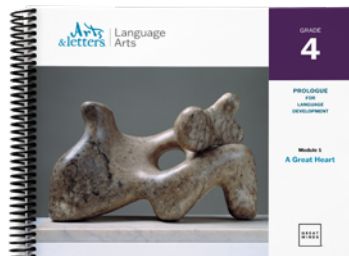

Arts & Letters™ brings knowledge building to life through whole books, with every component working together to help students build vocabulary, background knowledge, and literacy skills.

Arts & Letters™: Language Arts Components K–8

Teach books (Teacher Editions) provide clear instructional guidance with detailed lesson plans, pacing support, and embedded differentiation.

4 books per grade
(1 per module)

Prologue for Language Development books support multilingual learners and students needing additional scaffolding.

4 books per grade
(1 per module)

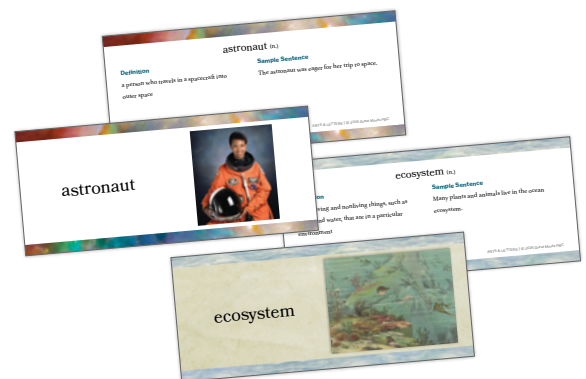

Learn books (Student Editions) are consumable resources where students apply and practice reading, writing, grammar, and vocabulary skills.

4 books per grade
(1 per module)

In every module, students read **whole books** designed to build students' knowledge in module topics and support skills development.

Knowledge Cards reinforce vocabulary and module learning through visual supports and student-friendly definitions.

GREAT
MINDS

Arts & Letters™: Reading Foundations Components K-5

Teach books (Teacher Editions) provide clear, teacher-friendly lessons that support instruction from start to finish.

2 volumes K-2 | 1 volume 3-5

Decodables provide opportunities for students to apply phonics skills through knowledge-rich texts, with topics that align to Arts & Letters: Language Arts. **K-2 only**

Practice books (Student Editions) are consumable resources that reinforce learning through purposeful, aligned practice, including handwriting development.

2 volumes K-2 | 1 volume 3-5

Classroom resources and manipulatives make abstract skills visible and support active learning.

Arts & Letters Beyond the Page Components

The **digital experience** supports both teachers and students with easy access to instructional resources, assessments, and reports.

Magpie Literacy™ reinforces skills development through digital practice and includes the Rapid Online Assessment of Reading (ROAR™) screener.

Professional learning includes virtual, on-demand, and in-person sessions led by teacher-writers to support successful implementation.
